## TEACHING

---

SEP - DEC 2020 **Topics in Macroeconomics**, TSE Third year of Bachelor | [TA \(course website\)](#)

This course is intended as an introduction to modern macroeconomics. It focuses on presenting theoretical models of the dynamics of the economy: growth, sustainability, monetary policy, overlapping generation models.

## WORK EXPERIENCE

---

JUN - AUG 2018 **Learlab**, Rome | Research Assistant

Technical assistance to the competition authority of Kuwait through a project of the World Bank. Economic consultancy for Opel Finance in the proceeding 1811 of the Italian Competition Authority.

MAR - JUN 2015 **Istituto Bruno Leoni**, Milan | Intern

I became confident with the main research practices such as gathering information and working on it with the appropriate software. I got acquainted with the main processes which take places inside a research institution, also by organizing and joining different events. I mainly worked for the the editing of the "Indice delle liberalizzazioni" (2015).
